Our brands and purpose

Get Canada Standing™ is a new campaign to grow awareness and education of the dangers of sedentary working, drawing public attention to the significant increase in health risks caused by prolonged sitting [i.e. heart disease, diabetes (type 2) and cancer]. The campaign launch was featured on national and regional newstalk radio.

Active Working C.I.C is a partnership of workplace experts committed to inform, educate and consult employers to deliver optimum workplace practises to deliver productivity and cost saving benefits. The **British Journal for Sports Medicine** recently published an Expert Statement on %The sedentary office: a case for change+jointly commissioned by **Active Working** and UK government (**Public Health England**).

First expert guidance to sedentary office workers

New recommendations for employers to reduce prolonged periods of sedentary work:

- 1 Accumulate **two** hours of standing and/or light activity daily during working hours. Eventually progressing to **four**.
- 2 Break up seated work with standing work . Regularly.
- 3 Avoid prolonged static sitting (and prolonged static standing).
- 4 Employers should promote reduction of prolonged sitting alongside other health promotion goals.
